Canada is a politically sick nation. Some Canadians recognized that sickness in its early stages, several years ago. All Canadians, and the world at large, recognized it when, last June, the nation escaped financial catastrophe by inches and became a mendicant begging aid from its friends.

But the depth, cause and cure of the sickness are still unknown to a baffled people and the whole apparatus of politics is being marshalled to prevent them knowing.

That way lies worse sickness, a recurring crisis and, perhaps, the end of Canada as a separate nation. The cure is not easy but the Canadian people have the stamina to undergo the treatment if they are ready to tackle it. Let there be no mistake about it, we are engaged not merely in a struggle of partisan politics but in a struggle for Canada's independent life. We are testing whether this nation conceived in denial of geography and dedicated to a separate Canadian nationality can endure.

No Quick Answer

To this question, the same question propounded to the American people by Abraham Lincoln in another set of circumstances, there is no quick or easy answer. We can be certain, however, of one thing: Unless we change the nation's government, the methods of management and, above all, the public mood prevailing in the last ten years, Canada will not long endure.

The current crisis has usually been called financial and economic. So it is, but it is much more than that. Mainly it is a sickness of the Canadian mind and spirit. Its mirror is a disordered and paralyzed Parliament, where none of the four parties is prepared to tell the truth about the sickness or propose the cure.

What, then, has gone wrong with our political system? We must know the answer before we can hope to answer anything.

Abdicated Duty

The answer is quite simple. Through its four parties the political system has abdicated its duty and responsibility to the nation and, by abdication, has lost its power to control events.

Hence the stark central fact facing us in Ottawa today—no party has the real confidence of the nation. None has earned it. All of them have drawn so heavily on their bank accounts of public trust that the political system is close to the line of bankruptcy.

How, we may well ask, did our naturally rich and traditionally hard-headed nation in a few short years reach this sorry state?

Again the answer is simple. Canada committed the worst blunders and suffered the worst humiliations of its history because the politicians of all parties forgot, or deliberately evaded, the first law of responsibility. They failed in their responsibility to tell the people the truth, however unpalatable, to frame coherent policies within the nation's actual means and to take the consequences at the polls.

Instead, the political parties

Washington 'Crisis' Talks Hint Strong Actions by U.S.

TENSE ATMOSPHERE in Washington was reflected this morning by unusually large number of reporters who turned out for press conference by White House press secretary

Pierre Salinger. Salinger told them President Kennedy would address the nation tonight on "a subject of the highest national urgency." (AP Wirephoto).

Nehru Rallies Indians As China Pushes Attack

NEW DELHI (UPI)—Prime Minister Nehru, faced with new Chinese advances in the Indian border area, called on India tonight to put its economy on a war footing and declared: "We shall not surrender."

He called Red China an "enemy" for the first time and predicted victory for India.

Nehru spoke in a nationwide radio broadcast shortly after Red China sent a third wave of troops across the disputed frontier and threw tanks into the undeclared border war for the first time.

"We are not used to the ways of war," Nehru said, "but these have been forced upon us and we have to face them."

The prime minister warned that no power "can imperil our freedom" and said, "we will fight the Chinese Communists out."

QUICK RESULTS

British children now have the choice of three different types of secondary school—modern, grammar and technical—says Roy Dean of British Information Services, Vancouver, who was here over the weekend.

"This means, if a child does not pass the grammar school examination at 11 years, he has the choice of two other schools."

Those who develop late can also go to a comprehensive school where the range of subjects is so wide there is bound to be something which suits his ability."

Mr. Dean says education in Britain has made tremendous strides since the Education Act of 1944, and any child who has the ability can get to university.

"Life is dangerous," said Rev. Dr. Cyrus Albertson of Seattle, preaching in Metropolitan United Church Sunday. "I know this well because we are staying the other side of your Roundabout!"

Guest preacher at Metropolitan United for the past month, Dr. Albertson will return to Seattle after next Sunday's services.

"Do you have any time for reading?" the late Dr. John Dafee, editor of The Winnipeg Free Press, once asked a farmer working in his field.

"Yes," the farmer replied. "I read The Winnipeg Free Press and the Holy Bible and I get both sides of every story."

This anecdote was told by Frank Mack, production manager of Victoria Press Ltd., addressing the convention here of the B.C. Weekly Newspapers' Association.

Mrs. Alicia Penn, 74, visiting here from Dallas, Texas, called on Victoria dance teacher Elsie Holtum last week.

"I have just been to the Silver Threads Club," she said, "and after seeing how much those old-timers enjoy dancing, I thought I would take a few lessons."

A sheep farmer living in the lonely out-back of Victoria, Australia, is concerned over recent reports of storm damage in this part of the world.

"Headline news in our papers is that the hurricane sweeping up the North American coast as far as Vancouver and Victoria has left a trail of death and destruction," writes farmer Max Druce from Pine Grove East, Miami.

"We are anxious to know how you are faring out that way."

Mr. Druce has an uncle living in Vancouver. They recently exchanged tape recordings and heard each other's voices for the first time in 35 years.

"Sputnik Lands on Irish Farm," trumpeted a Dublin newspaper.

The Irish Guards had cordoned off a field in County Wexford, where a mysterious antennaed black object lay in a four-foot crater after an explosion.

Experts, TV and newspapermen raced to the scene and found—a painted lavatory ballcock, topped by four stair rods, several radio tubes and a sponge.

The experts, it seems, were a little embarrassed. But they played off the biggest Irish hoax in years by saying: "The crater was dug before the explosion went off."

William W. Mawle, 817 McClure Street Victoria noticed this tragic inscription on a grave in Pioneer Square:

In memory of her beloved Babes in their fond and forlorn mother, Ellen Carroll.

George Washington Carroll, born Feb. 22, 1860. He died the same day.

John Thomas Carroll, born July 26, 1861. Lived only a few minutes after birth.

stood the parliamentary system upside-down by promising to deliver anything the people desired, even if it was obviously impossible. The classic doctrine of Edmund Burke—that a member of Parliament is not a delegate and rubber stamp who must do exactly as his constituents demand but a legislator bound to do what he thinks right until the people re-elect or dismiss him—was reversed to make politics a popularity contest.

In Canada we have occasionally lived under government by genius, often under government by competence, sometimes under government by incompetence but only in circumstances have we lived under government by Gallup poll, democracy by gimmick.

Four Steps Taken

The contemporary political method consists of four separate steps.

First, experts are hired to survey the public mind in depth and find out what the voters want.

Second, the confused material thus gathered is organized by public relations specialists in a careful order of priorities: what the people want most being put at the head of the list, as if a child were writing a Christmas letter to Santa Claus.

Third, this bundle of promises, often contradictory and in combination ludicrous, is proclaimed as a policy and interpreted as some party's lifelong convictions, though it may have been whipped up last weekend.

Fourth, the facts of the nation's resources, its ability to pay for promises, are re-interpreted to fit them.

Misjudged People

Wrong in principle, this system has failed to work in fact because the witch doctors and pulse-takers who interpret the people's wishes have totally misjudged the people.

Up to June 18 last the experts of the new pseudo science could claim that they understood the people and knew how to win elections. In the private

CRISIS

had been asked to set aside a half-hour for the address to the nation.

Democratic and Republican leaders in Congress were asked to report to the White House at 5 p.m., EDT.

ALREADY IN WASHINGTON

Vice-President Lyndon Johnson already was in Washington. Fifteen senators and representatives including chairmen and top minority members of the armed services and foreign relations committees of Congress, were asked to attend the conference with Kennedy.

Salinger said U.S. Air Force planes were sent to bring the senators and representatives to Washington where no other rapid transportation was available.

Kennedy conferred in private this morning with key administration officials, including State Secretary Rusk and Defence Secretary McNamara.

There was fresh speculation that the heart of mystery-laden meetings in the U.S. capital during the weekend lay in Europe—quite possibly at the storm centre of Berlin.

THOMPSON PRESENT

Among those at the White House this morning were Llewellyn Thompson, former ambassador to Russia and now a state department adviser on the Soviet Union, and Martin Hillenbrand, director of the state department's German affairs division.

For 36 hours Washington has been alive with conjecture that a new crisis was brewing in Cuba. In answer to questions, however, Salinger said he did not believe that Edward Martin, assistant state secretary for inter-American affairs, participated in the White House talks this morning.

Salinger refused to answer when asked if the urgent subject covered more than one country. Asked if the situation could lead to some kind of message to the United Nations, Salinger said he could not reply at this time.

He did say, in response to a question, that there had been no communication from Soviet Premier Khrushchev.

TENSION BUILT UP

Salinger's office was jammed with reporters. Normally only about two dozen attend his daily briefings, but tension that built up in Washington during the weekend attracted about 100 today.

Meanwhile the Republican congressional committee chairman, representative Bob Wilson of California, pledged "whole-hearted Republican support for any strong stand the president wants to take on Cuba and Berlin."

Military movements included secrecy-shrouded Saturday-Sunday work by Pentagon leaders.

The main announced military concentration consisted of some 40 ships, 20,000 men and carrier-based aircraft assembled for the navy's annual manoeuvres around Vieques, a small island east of Puerto Rico.

Other military moves included:

1. Round the clock construction work at Florida's Key West airport, 90 miles from Havana, to build a control tower said to be needed to handle a big increase in traffic. All leaves were cancelled at the nearby Boca Chica naval air station and the Florida Keys bristled with soldiers.

2. A squadron of navy jet fighters recently shifted to Key West.

3. A rifle battalion of about 1,200 marines transferred from Camp Pendleton, Calif., to Camp Le Jeune, N.C., avowedly as part of the Caribbean manoeuvres.

4. A flight of KB-50 tanker planes from Langley Air Force Base in Virginia, destination undisclosed. The Pentagon called this "part of a normal mobility training activity."

5. A squadron of six amphibious vessels sailed from Norfolk, Va., to join the Caribbean exercise. A number of other naval vessels left Norfolk, too, the defence department saying they were to ride out Hurricane Ella in open water rather than in port.

It Escaped Them

With all their cunning research not one of the political parties had accurately judged the public mind.

To be sure, large sections of the Canadian community wanted this or that—higher old age pensions, perhaps, or health insurance, looser credit,

lower interest rates, larger state spending or some other special policy. But what the whole people wanted collectively more than anything else, escaped the politicians. They wanted a government that could truly govern, a government they could fully trust.

They failed to get such a government because they did not fully trust any leader or party. That was the real meaning of the June poll. The people voted a want-of-confidence in any party, in the whole party system.

People Were Wiser

By a subconscious, osmotic process, a collective wisdom, the people as a whole had not been fooled by impossible promises. They were wiser than the witch doctors. The nation was

larger than the sum of its parts as surveyed by the pulse-takers. Government by Gallup poll, the entire attempt to make friends and influence people at any financial and moral cost, was a spectacular flop, as it deserved to be.

The result is a Parliament which lacks confidence in both government and opposition but keeps the government alive only because the splinter parties are terrified of another election.

Well they may be, but what they fear for their own fortunes is of no great importance. What the people have to fear is something else entirely—weak, minority government for an indefinite period, aperior inconclusive election, a permanent French-style Parliament of quarreling fragments, the lack of any coherent policy and the deepening sickness of the nation.

FOURTH FORCE

An Indian military spokesman who announced the news Red attacks said the Chinese communists also were massing a fourth force of troops for a possible attack on Longju, on the northeastern frontier opposite Tibet.

The spokesman said the fighting was furious and the casualties "heavy" in the third day of fighting that began with human-wave attacks by upwards of 20,000 Chinese communist troops last Saturday.

He said one small post in the northwest sector of Ladakh had alone inflicted 100 casualties on the communists before it fell.

The Indian spokesman told the grim task of searching for the missing continued today after a ship-barge collision that apparently took the lives of 19 Norwegian tanker crew members.

Hoffa On Trial Today

NASHVILLE, Tenn. (AP) — The federal government sets out today to try to do what it's never accomplished yet — put Teamsters' boss James Hoffa behind bars.

The president of the 1,500-member Teamsters Union goes on trial charged with conspiring to violate the Taft-Hartley Act and unlawfully obtaining \$1,000,000 through a dummy corporation that did business with a firm that had a Teamsters contract.

Hoffa, 49, planned to defend himself against the two-count indictment.

Hoffa was indicted by a federal grand jury May 18 along with Commercial Carriers Incorporated, a Detroit auto transport firm which subsequently entered a plea of nolo contendere (no contest).

Hoffa pleaded innocent and was released under \$3,000 bond.

The indictment charges Hoffa and Owen Brennan, a Teamster vice-president who died in Detroit last year, with conspiring with Commercial Carriers to set up Test Fleet Corporation. Test Fleet was charged here with its stock being listed to Mrs. Hoffa and Mrs. Brennan under their maiden names.

'VAGUE' FRONTIERS CONTRIBUTE

China's Attack on India Deep-Rooted in Jealousy

News Analysis

By HENRY BRADSHIER
NEW DELHI (AP) — Why have India and Communist China, once friends in "peaceful coexistence," come to the present "blaze of border warfare?"

The conflict in the Himalayas is the result of modern nationalisms colliding in an area of historically vague frontiers.

This is the conflict of the Indians versus the Chinese rather than of neutrals versus Communists.

But observers here also believe there is an ideological element in China's motives for attacking India. It is the desire to disrupt India's economic development, to keep India from getting ahead of famine-stricken China.

The border battles with the Chinese will lead to an increasing diversion of Indian resources from the slow, massive job of raising living standards. But after years of smouldering dispute with China, in which Prime Minister Nehru and other Indian leaders used it only as a reason for urging economic development, the bugles of patriotism now are being blown here.

"If we do not resist aggression and fight back, it would drag us down to unknown depths," Nehru told the Indian people Thursday. There have

been calls for sacrifices from the people whose average annual income is \$70.

Each side accuses the other of aggression because of conflicting claims as to where the border lies.

The border which New Delhi claims was established by the former British rulers of India.

UNITED NATIONS (CP) — Indian delegates sources said Sunday India has no intention of complaining to the UN Security Council about the border fighting between Indian and Communist forces.

The Indian informants also said that despite the fighting, India still favors seating Communist China in the United Nations.

Last year India voted for a Soviet resolution to expel the Chinese Nationalists from all UN bodies and replace them with Chinese Communists. The resolution was defeated 48 to 36.

This year the Soviet Union has submitted a similar resolution.

The General Assembly will start voting it Monday.

Asian War Problem for Russia; 'Sad, Stupid Affair' — Nikita

By PHIL NEWSOM
UPI Foreign News Analyst

As the threat of a major conflict between India and Red China increases, the more interesting the position in which the Soviet Union finds itself.

It also creates a special problem for the United States.

For the Soviets, it is a choice between Red China, an ally, and India, whose huge population and special place as a spokesman for the world's neutrals have made its friendship a top-priority. Russian

goal.

Soviet Premier Khrushchev clearly expressed his own attitude toward the dispute when in conversation with a western

newspaper he described it as a "sad and stupid affair."

Khrushchev has been reported as having urged the Red Chinese to ease up on their pressures against India and to have been told by the Chinese not only to mind his own affairs but to keep out of the way of Chinese national interests.

Since then, Soviet publications have been ostentatiously neutral.

It now would appear that such fence-sitting cannot endure indefinitely.

Not so neutral, and hotly protested by the Chinese, has been Khrushchev's action in supplying MiG jet fighters to the Indians.

A Deal in Quebec

NOW THAT THE CANADIAN Parliament has achieved an uneasy balance, the centre of politics moves to Quebec. The provincial election there on November 14 must powerfully affect the political climate throughout the nation. It may have other effects, even more important.

When Premier Lesage dissolved his legislature on a policy of public power it was widely supposed outside Quebec that he would be re-elected without difficulty.

The latest news from the battlefield suggests that the Union Nationale, though convicted of wholesale corruption in office, is making a powerful fight in opposition. To English-speaking Canadians the revival of this movement after its total collapse only two years ago must seem impossible. Nevertheless, under an able leader, Mr. Daniel Johnson, the old Duplessis machine is in full working order again—thanks mainly to Mr. Lesage.

The Quebec government may not be in danger, the strength of the opposition may be exaggerated, but certainly Mr. Lesage is suffering from his own virtues. He cleaned up the repulsive graft of his predecessors, abolished the patronage system and gave Quebec the first honest administration it had known for many years.

In conducting this revolution—for it was hardly less than that—he antagonized some of his own followers who expected to enjoy the fleshpots once the Liberal Party came to office. In the grass roots of politics the Liberal organization has been damaged by the unfamiliar honesty of the government.

Protect a Precious Asset

NO VICTORIAN SHOULD HESITATE to vote "yes" if a referendum is held to safeguard almost 2,000 acres of local parkland.

In fact, Victorians of all callings should demand that such a referendum be held, so that Thetis Lake, Elk-Beaver and Durrance Lake parklands will be dedicated to this purpose and protected from any possible loss to subdivisions or other commercial use.

At present these priceless recreation lands are set aside as watershed property. Council action could remove them or any part of them from park use and put them on the market. This would be an intolerable loss, for there is barely enough of such parkland now and there will certainly be far less than enough in the future unless still other areas are set aside.

Who Pays for Propaganda?

MEMBERS OF THE BRITISH Columbia Social Credit League have passed a convention resolution asking Mr. Bennett to send a copy of the monthly B.C. Government News to every home in the province.

A large number of delegates did not like the idea, but the resolution passed by a narrow majority.

Now let those who approved the motion—which does not, of course, have to be accepted by the government—realize what they were voting for.

They were endorsing a motion

Besides, to effect far-reaching social reforms, perhaps too fast, the government raised taxes, especially incomes taxes in the lower brackets, and also increased the provincial debt drastically to finance its deficits.

The Union Nationale, not daring to oppose the public power policy and promising to let the voters rule on it in a referendum, is attacking the government for burdening the taxpayer. This is an effective and may be a valid argument.

The real facts of Quebec politics, however, are much more complicated than the debate on power and taxes. There seems to be little doubt that the Union Nationale and the Social Credit Party have made a cosy deal which, if it succeeds, could alter the map of the next federal election.

On June 18 last the Union quietly supported Social Credit candidates with its organization and its huge slush fund, amassed during its gaudy days of power. Today Social Credit is remaining publicly out of the election to avoid splitting the opposition vote. Behind the scenes the Social Credit organization will do all it can for the Union. In return the Union is expected to throw all its weight behind Social Credit in the next federal campaign.

The first test of these interesting arrangements will occur about a month from now. The provincial poll will show, first, whether the forces of the extreme right, with their overtones of separation and their latent hostility to English-speaking Canada, can form an unwritten coalition; second, whether Quebec's political morals can tolerate honest government.

LESS is heard of the language barrier these days, it seems. Of course, western Canadians are still pretty effectively cut off from Quebec Canadians. But throughout the world there seems to be a much greater communication between nations and races. In many cases this is due to wider interest in languages—more people everywhere are learning a language other than their own (French is "our own" in Canada,

Tobin it says so right in the constitution, so English-speaking Canadians don't have to learn it.) And there is the additional aid provided by electronics.

In international gatherings such as the United Nations, a staff of interpreters puts a speaker's words into three or four other tongues almost before he has spoken them. The idea of simultaneous translation is spreading—even into St. Peter's in Rome—and the Babel of sounds which once separated mankind into many unintelligible fragments is slowly being overcome.

It was interesting, then, against this background of improvement, to read of the difficulties experienced by a would-be bank robber in Hull, Quebec, the other day. He couldn't rob a bank—and he tried three times because nobody could understand him.

As Our Readers See It

Nature Responsible

Would you please grant me space in which to disassociate myself from any acknowledgement of right or justice in our presently outmoded burial service? During the recent "Thanksgiving" weekend about 30 persons, many of them young mothers and little children, were killed on our highways. During the unplanned and disastrous storm of Friday, Oct. 18, about 50 more persons were killed. Under our system at the head of each grave will stand a priest, or parson, or clergyman to recite "For as much as it hath pleased Almighty God to remove the soul of the departed."

I can accept no part or association with any others who continue to accept the theory of guilt on the part of a supposed Supreme Being. Nature alone is responsible.

SMEAL HITS BANKRUPT POLICIES

Canadian Trade Foiled By 'Economic Jungle'

Canada's present "economic jungle" does not allow competition with foreign countries of the world, B.C. Federation of Labor president Robert Smeal said today as the federation opened its seventh convention here.

Mr. Smeal, a former Victoria, told delegates meeting at Empress Hotel all this week that Canada can not compete for markets, provide comparable forms of social legislation or eliminate chronic unemployment as have other countries "in our present economic jungle."

"The bankrupt policies which flow from indecision, indifference or ignorance by our governments are manifest in the heartbreak and hardship which is the lot of so many thousands of Canadians who have experienced long term unemployment," Mr. Smeal said.

What every wife should know

... about her husband's life insurance. How many "I don't know's" would you score on this test?

1. How many policies does your husband own? Does he have group insurance where he works? How much is the total amount of protection provided?

2. Are any of his policies just temporary? How old will you be when this temporary protection terminates?

3. Is your husband's life insurance coordinated into a program? Is there a part ear-marked to pay off the mortgage; to educate the children? How much income would it pay now? How long would it last?

It makes good sense for a wife to be well informed about her husband's insurance. Her security is the number one objective and it's through her budgeting skill that money can be set aside for the future. If you and your husband would like to review any of these questions, just call the Man from Manufacturers. You'll find him a competent and friendly adviser.

PRICE-FIXING CHARGED BY KIERNAN

VANCOUVER (CP)—Mines Minister Kiernan says Canadians are so accustomed to democracy, the free society they take for granted could be lost through complacency.

For example, he said, there are too many large corporations today combining to rig prices and upsetting the proper workings of a free enterprise economy.

Mr. Kiernan was speaking Sunday at a meeting commemorating the Hungarian uprising of 1956.

He told those of the free-fighters present they could prevent Canadians from becoming "too laissez-faire by reminding them of their own struggle for freedom."

CHOSEN by the U.N. Food and Agriculture Organization to advise India on establishment of 10,000 village dairy co-operatives is Everard Clarke, of Vernon, B.C., general manager of Shuswap Okanagan Dairy Industries Co-operative Association.

Forget Old Battles, Montgomery Advises

LONDON (CP)—Field Marshal Viscount Montgomery Friday night criticized people he said were wasting their time raking up old battles in a dispute arising out of the recent publication of Field Marshal Viscount Alexander's memoirs.

Lord Alexander, Canadian governor-general from 1946 to 1952, charged a sentence had been inserted into his official dispatch after the El Alamein veterans here.

"Our concern these days is to prevent a third world war, and not to argue about the past one," he said.

"I should have thought we had enough trouble with that battle 20 years ago."

He said the contractor should have obtained an injunction to remove the pickets. Then, any refusal to go to work would have become illegal.

Montgomery and led military experts to argue whether Montgomery or Field Marshal Sir Claude Auchinleck planned the battle.

Alexander later admitted he

Canada Urges Drug Law

UNITED NATIONS (CP)—Canada's only woman delegate to the United Nations General Assembly pleaded Friday for early ratification of a new, single international law on narcotics.

Miss Helen Marsh, editor of The Weekly Herald and Press of Dauphin, Man., and Canadian delegate on the assembly's 109-member social committee, spoke in support of a resolution sponsored by her country along with Denmark, Morocco, Thailand, Afghanistan and Yugoslavia.

Miss Marsh said the law,

the 1961 single convention on narcotics—would not only

embrace nine existing multilateral treaties and enhance international control but would

blanket some narcotics not

now covered.

Canada took an active part

in drafting the convention at a lengthy 73-nation UN conference last year. Sixty-four countries now have signed and 11 have ratified the agreement. Canada was the first to ratify.

New Rugby Union Entry Shows Lots of Muscle

Oak Bay Wanderer teams and James Bay Athletic Association favorites have had their flings in the driver's seat in recent years, but those worthy rivals are being shoved right into the back seat this Victoria Rugby Union season.

Cowichan, a new entry, and Royal Roads, surprisingly, are showing most of the muscle these days.

They maintained their 1-2 standing atop the first division table by posting comparatively easy triumphs at the weekend. Cowichan blanked Naval Command 27-0 Sunday after the Cadets thumped Victoria College Norsemen 29-11 on Saturday.

In Saturday's other first-division encounter, Wanderers White side edged JBAA 5-3 when Rob Wilcox converted Bob Hutchison's try. Til Briggs scored JBAA's try.

THREE FOR RYAN

Six players shared in the scoring as Cowichan rambled to its fourth straight win Sunday. Jim Ryan led the way with three tries and singles went to Dave Mackenzie, Colin Millar and Eric Dally. Mike Mayo converted a pair while Derek Hyde-Lay booted one convert, and a penalty goal.

Royal Roads collected tries from Bruce Cullin, Bert Tsass, Ted Trumper, Jim Baily, Chris Burridge, Bob Guelph and Richard Archer. Brian Broomfield kicked four converts.

Bob Turner scored a pair of tries, Ben Silla got one and Jim Taylor kicked a convert for the Collegians.

It actually was a double-loss weekend for James Bay. The Oarsmen lost a victory (39-0)

when league officials announced that Naval Technical School has withdrawn from the first division and will, instead, compete in the intermediate league.

On the minor front, PPCLI routed Gordon Head "B" 22-0, Central tipped Mt. Newton 5-3, and Gordon Head "A" beat Lansdowne 9-3 in midget division play Saturday.

In exhibition play at Shawnigan Lake, Tom Fraine and Mike Fall scored tries as the Boys' School beat Lord Byng of Vancouver 6-0. The Byngs are upbeat in five games on the mainland.

Wylie Ruins Lions

The magic number for B.C. Lions is one.

Humbled 36-28 at Calgary Saturday by Bobby Dodds' sizzling Stampeders, the Lions are nearly at the end of their Western Football Conference play-off hopes.

They must defeat Winnipeg Blue Bombers whom they host Saturday at Empire Stadium and Saskatchewan Roughriders, their guests Nov. 3. Meanwhile, Saskatchewan, which has a three-point bulge over B.C., must lose its three remaining games if B.C. is going to get the third and final playoff berth.

The Roughriders could go a long way towards playoff security tonight by whipping Winnipeg whom they meet at Regina's Taylor Field. The Bombers are fresh from Saturday's 30-20 conquest of the oust Eskimos at Edmonton.

ONE WILL DO IT

A single Saskatchewan victory—or one "B.C." defeat—would freeze the race as it is.

B.C.'s hopes of unseating Calgary went down the drain primarily on one play—a 102-yard kickoff return by elusive Harvey Wylie.

Ahead 21-14 early in the third quarter, Lions saw their lead evaporate when Wylie took the kickoff, snugged in behind a phalanx of blockers and chugged all the way for a touchdown.

B.C. went ahead on an electrifying 97-yard touchdown by Willie Fleming, his third of the evening, but Wylie's grand gallop inspired the Stamps and particularly quarterback Eagle Day to new heights of brilliance.

GAMBLE FAILS

Day hit on four consecutive passes before 18,800, the largest crowd in history at McMahon Stadium, to bring Calgary even at 28-28 with Earl Buchanan rolling across with the TD.

When B.C. gambled and failed on third-and-two situation, Day passed to Jim Dillard for 36 yards, got meaty runs from Lovell Coleman and Buchanan to the B.C. 11, and then hit Larry Robinson for the winning score. Jim Furman later added a long single for the insurance point.

Much of Day's success was due to his offensive line. Repeatedly it held the B.C. defenders at bay, giving Eagle ample time to spot his receivers and hit them. Conversely, Joe Kapp was constantly being menaced by bloodthirsty Calgarians. He connected on eight of 23 attempts, ran the ball well himself occasionally and called what Bobby Dodds described "as fine a game as I've ever seen called."

In Edmonton, Winnipeg gave away a 209 lead early in the fourth quarter, then collected three converted touch-downs for the victory.

ALTERNATES QUARTERS

With hopes beginning to fade after Edmonton halfbackend Tommy Joe Coffey had gone for two touchdowns and a pair of converts, and quarterback Jackie Parker for a third touchdown, Winnipeg coach Bud Grant began shutting out quarters.

On almost every play through the remainder of the game, he exchanged quarters, Kenny Ploen and Dick Thornton.

The strategy worked as Thornton dashed 29 yards for a touchdown and Ploen passed to halfback Leo Lewis for the other to give Winnipeg a 23-20 edge.

INTERCEPTION RECORD

Safety Henry Janzen frosted the cake by intercepting a Parker pass and galloping 83 yards for the final score, on the way setting a conference season interception return record.

In Edmonton, halfback Bob by Walden reinjured his left knee and broke his right leg when he took a sideline tackle, also in the third quarter.

College Blanked

University of Washington's soccer squad showed a surprisingly large amount of polish Saturday in defeating Victoria College 2-0 in an exhibition match on the Gordon Head campus.

Stolaric and Ronnestad scored Huskies' goals.

City Sportsman Buys Kentucky-Bred Filly

A little bit of Kentucky came to Victoria today.

A chestnut yearling filly, unnamed but of stout Kentucky blood lines, was purchased by city sportsman James Audain for \$1,125 Saturday at the 10th annual B.C. breeders' sale of thoroughbreds at Vancouver.

She was one of 37 thoroughbreds, mostly yearlings, which were sold for a total of \$55,125.

Highest price of the sale—\$3,850—was paid by Richmond cattleman Les Gilmore. He bought a Bandit colt, one of 16 yearlings brought in by the B.C. Jockey Club for the sale.

Dave Diamond paid \$3,500—second highest price—for a Manteau colt. Manteau is a son of Citation.

HORNETS DIDN'T NEED THIS ONE

Stubborn defensive work by Richmond Colts stopped Victoria Hornets' Barry Neff short of touchdown in this play late in fourth quarter of Fraser Valley Football League final Sunday but

damage was already done. Hornets had comfortable lead and held on for 46-31 victory to earn spot in B.C. final against Vancouver Blue Bombers. (Peter Chapman photo).

KICKERS CLICK, TOO!

Solid Defence Helping Gorge

Goalkeeper Larry De Costa wants to heap most of the praise on his defences, but the young veteran of Victoria soccer wars is doing his bit, too.

De Costa and his hard-checking mates on the Gorge Hotel team are carving a sparkling defensive record in Victoria District Football League circles.

Larry came up with his third shutout Sunday as Gorge thumped Evoces 5-0. In five games, De Costa has allowed only three goals, but only one in the last four.

ROBB HOT

Billy Abbott led the scorers with two goals while Jim Clarke, John Erdei and Ted Robb added one apiece. The goal by Robb was his eighth in the last three games.

The first division lead still belongs to Hourigan's Kickers, who got three goals from centre forward Bob Marsden in a 6-1 conquest of Brodes.

Timmy Walker, transferred recently from Victoria United of the Coast League, scored Brodes' goal.

THREE FOR LOCKE

Tommy Locke banged in three goals for Esquimalt and the team moved into third place Sunday with a 4-1 win over Canadian Scottish. Vic West picked up its first point of the season by tying Heaneys 1-1.

English Side Captures Test

PERTH (Reuters) — The touring English cricket team today completed a 10-wicket victory in the opening first-class match of its Australian tour.

Dismissing Western Australia for 274 in its second innings, the visitors were left with a target of 49 runs which they hit off without loss before tea.

A fine spell of fast bowling by Brian Statham, who took three wickets in three overs with the new ball this morning, set the Marylebone Cricket Club on the way to victory.

Council Begins Liturgy Study

VATICAN CITY (AP) — A major work of the Roman Catholic ecumenical council began today with a look at liturgy, the rites of public worship.

The 2,700-council fathers gathered in St. Peter's Basilica to take up the first in a long-list of topics following their election of 10 working commissions.

The job of putting a modern look on catholicism's face is centred in the 70 or more topics that the council must debate and then approve or reject. The proposed "constitution of sacred liturgy"—a single topic divided into eight chapters that fill five booklets—happened to be the first topic ready, one source said.

Another explained that liturgy is an area where not too much delay or disagreement is expected, unlike topics dealing with such delicate matters as church-state relations and the power of the world's Catholic bishops.

Nova Scotia Pledges Aid To Negroes

HALIFAX (CP) — Creation of a Nova Scotia government committee on human rights to deal specifically with Negro affairs was announced last week by Premier Stanfield.

Mr. Stanfield said in a press release that the committee will be primarily concerned with improving the lot of the province's 13,000 Negroes, but it will also be expected to study and make recommendations on how the fundamental rights of every citizen may be made secure regardless of race, color, creed, nationality, ancestry or place of origin.

Provincial Secretary W. S. Kennedy Jones was named to head the committee. Other members are the premier in his capacity as education minister, Labor Minister Layton Ferguson and six senior civil servants.

Noting that more than half of Canada's Negroes live in Nova Scotia, Mr. Stanfield said the committee will be expected to make continuing recommendations on how minority groups such as Negroes may make a maximum contribution to the whole community.

Soviet Envoy Drowns

RIO DE JANEIRO (AP) — Ignoring red flags warning of treacherous seas, Soviet Ambassador Ilya Chernyshev, 50, went swimming at exclusive Tijuca Beach and was drowned Sunday.

BLIND' RANGER MISSES MOON HEADS FOR SUN

PASADENA, Calif. (AP) — Ranger V and its sightless television camera came within 450 miles of the moon Sunday, its builder announced.

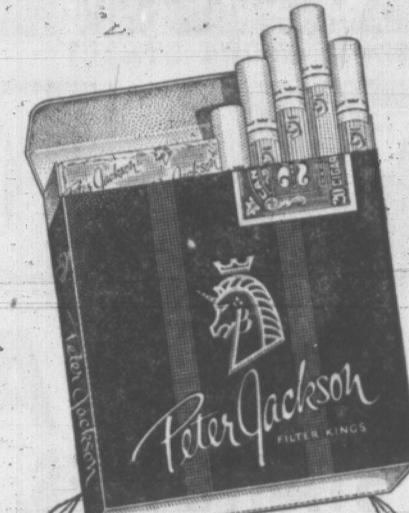

Then, the jet propulsion laboratory said, the spacecraft curved past the moon's back side toward a probable orbit around the sun.

The laboratory made this report after analyzing data from Ranger V's radio signal.

Previously the laboratory had estimated the device would come within 300 miles of the moon.

The 13-foot-tall device was launched last Thursday at Cape Canaveral to televise the moon at close range, but it soon lost power for its camera.

"Perfection consists not in doing extraordinary things, but in doing ordinary things extraordinarily well."

'NORMAL'
TRADE BACKED
BY PEARSON

FREDERICTON (CP) — Liberal Leader Lester B. Pearson said Saturday he sees no reason why Canada should embargo normal trade with Cuba so long as Canadian ships do not carry strategic goods to that country.

He told a press conference that Canadian ports should not be used as transhipment points for goods banned by the United States.

"We should no more bar our ports to ships carrying goods to Cuba than to ships carrying goods to Red China." However, Canada would be "silly" to prejudice her good trading and neighborly relations with the United States by "being careless about this."

TURKEY DINNER AND MUSICAL SHOW

Old-Timers Feted by Students

By LESLIE MILLIN
Times College Reporter

Sixty of Victoria's senior citizens gobbled down gobblers on Sunday evening courtesy of Victoria College students.

College students organized the dinner, provided transporta-

tion to and from First United Church Hall where it was held, and supplied musical entertainment.

ANNUAL AFFAIR

Cathy Hatch, student social convener for the college, arranged the dinner with the Silver Threads Service, and hopes to make it an annual affair in line with other public services supplied by college students—the annual orphans'

Christmas party, beach cleanups, and United Appeal canvassing.

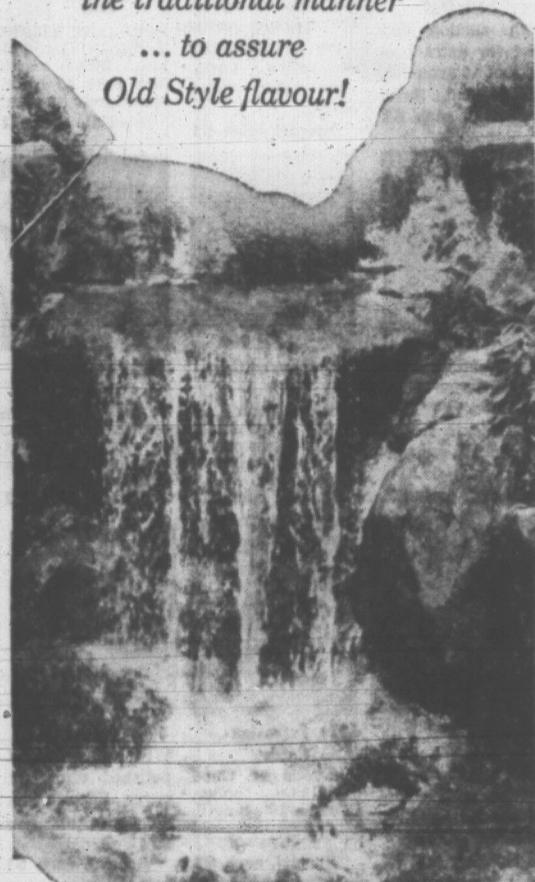

Bill Hosie and his group supplied vocal entertainment, and pretty co-eds waited on the tables.

Turkeys for the feast were donated by Eaton's and the Hudsons Bay Co., and flowers for table decorations were given by Island Florists, Shirley MacAree Florists, the Posey Shop, and Woodwards.

WATER**

It, too, has distinction!

The clear, sparkling water of British Columbia is a brewing ingredient unequalled in Canada. Our original recipe calls distinctly for this pure mountain water.

Blended in our brewing kettle with hops and barley, its goodness comes to life. Then, finally, in our ageing cellars the brew slowly matures into the brilliant golden colour and the supreme flavour that is Old Style. Fortunately, this traditional manner of brewing does not go unnoticed—as evidenced by the many people who prefer Old Style.

SWAMI INSTRUCTS IN DEEP MEDITATION

The Key Word Unlocks Perfection

By DESMOND BILL

Would you like to be perfect?

Swami Guru Maharaj claims he can show you the way.

It's simple. All you have to do is practise a method of deep meditation. You meditate on a certain word that he will select for you.

So far almost 100 Victor-

ians have "got the word."

And the little bearded Hindu sits cross-legged on his bed in Room 428 of the Douglas Hotel waiting for others to come and "experience peace and tranquillity."

Before they enter his bedroom they will have to take their shoes off. The reason, he explains, is that, "In the East when you enter a place

considered sacred you take your shoes off."

Once inside, aspiring perfectists will be given private instruction in the method of deep meditation most suitable for them personally.

Most importantly of all, Swami Maharaj will tell them the word that "will cut across all the levels of their mind." He says that, by

meditating on this word in the way he teaches, they will develop "strong minds" and be "more integrated."

Meditation also will cure them of such illnesses as diabetes and cancer. Swami Maharaj says it depends on "how chronic" these illnesses are whether they are cured completely.

As he sits, wrapped in a long, white robe, on an animal skin on top of the bedspread, Swami Maharaj fingers two string of prayer beads and offers his meditative method as a cure for almost all of men's problems.

He was in Victoria about one year ago and interested almost 70 persons in his method then. One of them is Dr. D. K. Edwards, a research biologist.

MORE PEACEFUL

Dr. Edwards was not available for comment today but Mrs. Edwards, who also practices deep meditation, said the effect is to make day-to-day life more peaceful.

As for claims that deep meditation cures serious organic illnesses, she said, "I have no comment on that." Mrs. Edwards said that meditating on the word does not usually bring about "overnight miracles."

She said the word helps the initiated to meditate. After one year she still practices the method.

First Commercial Venture For Victoria Artist
By PENNY SAVER

It is that time of year again when you should be thinking of writing to old friends. As a matter of fact, you probably should have written to many of them months ago. But you didn't, so now you have to pay the penalty of writing them all at the busiest time of the year. Unless you cheat and use carbon paper the best solution is a hasti-note.

For out-of-town friends send hasti-notes that can't be bought anywhere but in Victoria. A local artist has just put her first commercial venture on the market. She painted four different British Columbia coastal scenes and these have been reproduced in sepia. They sell in packages of 12 for 89 cents.

A set of four more local scenes are being prepared at the present time so watch for these, they may have arrived in the stores by the time you go shopping.

The cards are simple in design and typical of familiar logging and fishing scenes.

Since the cards are available only in Victoria they are something to keep in mind for a gift item.

Speaking of gifts, a small calendar that fits into a wallet is a nice reminder to someone that they are not forgotten. These are not quite a dime a dozen but they're a 'steal' at a dime for one.

There are many designs to choose from but the one Penny liked is a very simple Eskimo sketch. These are made and sold for the Grenfell Medical Mission work in Northern Newfoundland and Labrador.

Phone Penny at 382-3131 to find out where you can buy hasti-notes by this local artist.

DEAR ABBY . . .

Yea and Nays!

By ABIGAIL VAN BUREN

DEAR ABBY: I wish you would quit printing all those stupid letters from teen-agers. Who cares about an idiotic 14-year-old girl who's madly "in love" with her science teacher? Or, when a girl meets a boy in the hall, who says "hi" first? Come on, Abby, let's have some really serious problems!

ADULT READER

DEAR ABBY: Teen-agers read your column, too, and we would like to have more letters from our age group. We aren't interested in nosy neighbors, unfaithful husbands and barking dogs. Give us more teen letters! Thank you.

TEEN FANS

DEAR ABBY: I enjoy reading your column because you get right to the point and seem to hit the nail on the head without wasting any words. Keep up that snappy style, Abby, old girl. It's very refreshing in this day and age when so many writers don't know when to quit.

"4 U"

DEAR ABBY: I don't know how you presume to answer with one sentence a problem so complicated that a person should really go to a psychiatrist for maybe five years. Who do you think you are, anyway? Solomon?

Bride Wears Heirloom Locket

A gold locket which had belonged to her great-grandmother was "something old" for Margaret Ann Pearce when she exchanged vows with Gordon Stephen Lavine in St. Patrick's Church Saturday afternoon.

She had made her ballerina-length wedding gown of white lace over crystal charm. It was fashioned on full-skirt princess lines with a scalloped neckline highlighting the fitted bodice. A four-tier elbow-length veil misted from a corona net of tiny pearls and rhinestones. Pink roses were in her bouquet.

Parents of the principals are Mr. and Mrs. George Pearce, 1410 Myrtle Street, and Mr.

and Mrs. Harry Levine of Saint John, N.B. Mr. Pearce gave his daughter in marriage.

Fall flowers decorated the three-tier wedding cake on the head table. Fred Pollard proposed the toast.

As her going-away ensemble the bride chose a royal blue knit suit, white accessories and gardenia corsage.

After a short honeymoon on the mainland, the newlyweds will return to Victoria for a few days before travelling to Winnipeg where they will make their new home.

SOLUTION WEDNESDAY

IT HAPPENED LAST NIGHT

By EARL WILSON

NEW YORK—The beautiful wife and I permitted a stinken-rich Texas oilionaire to take us to the Metropolitan Opera opening, and spoil us.

Now I can tell you what those people on the other side of the tracks (the rich side) have to struggle through.

Our kindly host, J. Collier Hurley, suave, white-haired and genial, flew his wife Millie's hairdresser up from Houston for the opening.

Also (1) her personal maid, (2) his chauffeur-valet, (3) their four poodles and (4) 750 pounds of excess luggage, consisting of chinchilla, mink, sables and the like of that.

"Naturally," Collier Hurley said, as we planned the evening, "we'll go in two limousines . . ."

"Oh . . . you're going to take the poodles to the opera?" I asked.

"No," he said. "But Marguerite—that was Marguerite Piazza, another of their guests in Hurley's \$600 box—"will want to go early."

Marguerite and husband Bill Condon, the Memphis snuff and popcorn king, practically stole the opera, she in her gold sequin gown, Bill in his tux tie I lent him. He'd arrived in a four-in-hand, having been at a business conference quite late. I handed over my spare tie—he looked so much better than I did it was revolting.

In a festive mood, he kept saying to Hurley, "Senator, would you just move forward please . . . Senator?"

Hurley wouldn't think of being in the Senate—unless he could own it—but he was amused. We got our table at Sherry's Bar staked out, then went into Box 16. The first aria was on—it turned out into the anteroom of the box to get a program.

"Wait a minute—I'll go to the bar with you!" a voice said . . . that of Texan Collier Hurley.

Lawyer Arrested

VANCOUVER (CP)—Lawyer Joseph Mollison was arrested here Friday as he arrived at the courthouse to appear in a divorce case.

Sheriff's officers, acting on a judgment warrant were instructed to pick up the lawyer

several days ago when he failed to comply with a \$780 court judgment lodged against him by Woodward's Stores.

Canada is a politically sick nation. Some Canadians recognized that sickness in its early stages, several years ago. All Canadians, and the world at large, recognized it when, last June, the nation escaped financial catastrophe by inches and became a mendicant begging aid from its friends.

But the depth, cause and cure of the sickness are still unknown to a baffled people and the whole apparatus of politics is being marshalled to prevent them knowing.

Washington 'Crisis' Talks Hint Strong Actions by U.S.

TENSE ATMOSPHERE in Washington was reflected this morning by unusually large number of reporters who turned out for press conference by White House press secretary

Pierre Salinger. Salinger told them President Kennedy would address the nation tonight on "a subject of the highest national urgency." (AP Wirephoto).

SHIPS PULL OUT

KEY WEST, Fla. (AP) — Virtually every vessel at this U.S. naval base pulled out of port today. There was no word of the ships' destinations.

20 BODIES

Survivors Hunted In Sinking

RORVIK, Norway (AP) — Rescue ships and planes found 20 bodies and at least 20 persons were missing today after the Norwegian coastal liner *Sanct Svithun* was abandoned in stormy seas.

Five lifeboats with a total of 48 survivors—22 passengers and 26 crew members—were picked up in the icy Norwegian sea. Gale force winds and poor visibility hampered rescue operations.

Agents for the liner said she

had a crew of 50, instead of 45 as first reported, but they

were unable to give the exact

number of passengers as tickets

could be bought aboard ship.

Military planes searched the

sea off Norway's west coast.

Officials said there were several small islands where some

survivors may have landed.

BODIES IN WATER

Rescue ships reported recovering eight bodies, while a Norwegian air force flying boat reported seeing another 12 bodies in the water.

The modern 2,172-ton liner went aground Sunday night in force winds four miles south of Nordoya Lighthouse island.

The ship messaged that it pulled itself clear. But it had been holed by the grounding. Thirty minutes later it radioed

that it was taking "considerable amount of water" and abandon ship was ordered.

Survivors said the sleek

coastal ship was still afloat

when they pulled away.

Electric power on board had failed

and they could not estimate how

many people had managed to

escape in lifeboats.

first time.

We are not used to the ways

of war," Nehru said, "but these

have been forced upon us and

we have to face them."

The prime minister warned

that no power "can imperil our

freedom" and said, "we will

fight the Chinese Communists

out."

QUICK RESULTS

"We must change our procedure from the slow-moving methods of peacetime to those which produce results quickly."

MRS. ANNE MAC MACDONALD

gives up 'vamp' role

GO SLOW—CURVES AHEAD

She's a Real Traffic Stopper!

LONDON (UPI) — Mrs. Anne Macdonald, a shapely mother of four, became a roadside vamp to slow down fast drivers.

In fetching halter top and

petticoat, she took up her stand outside the

village of Gravelye on the busy

Great North Road.

Then she wiggled her hips

and gave the hitch-hiking sign

to every passing motorist.

When drivers pulled up to

offer her a lift, the 31-year-old

woman smiled sweetly and

said:

"Thank you for stopping. I

do hope you will observe the

speed limit through our vil-

lage."

Mrs. Macdonald had written

six times to the transport

ministry asking that it do

something about the many

drivers that ignored the vil-

lage's 30-mile-an-hour speed

limit.

"I saw drivers whistling at

petticoat girls in the village

and that gave me new idea,"

she said.

But Mrs. Macdonald has

abandoned her vamp tech-

nique.

"The drivers were all as

nasty as possible," she said.

"I'm shocked."

"It would take the type of

language used by truck drivers

to describe my opinion of

British merchantmen trading

with Cuba if they were at-

tacked."

The Alpha 66 units were

despatched following the ex-

plosion.

Sunday of the exile

group's warning to Britain a

month ago to stop British ships

from taking cargoes to Cuba,

the spokesman said.

If the shipments did not stop,

heavy machine-gun fire.

Secrecy Shrouds Kennedy Speech

(Times News Services)

WASHINGTON — President Kennedy called a series of crisis conferences at the White House today and scheduled a television address to the nation tonight on "a subject of the highest national urgency."

The White House cast no light on the precise nature of the situation involved. The state and defence departments were operating behind a cloak of official silence, the like of which has seldom been seen in this capital.

Speculation covered the entire spectrum of international relations, with Cuba emerging as the most likely possibility.

Other areas discussed were

Berlin, a new military call-up

and India, whose northern bor-

ders have been attacked by the

Chinese Communists.

A well-qualified source told

The Canadian Press Kennedy

SWAMI INSTRUCTS IN DEEP MEDITATION

The Key Word Unlocks Perfection

By DESMOND BILL

Would you like to be perfect?

Swami Guru Maharaj claims he can show you the way.

It's simple. All you have to do is practise a method of deep meditation. You meditate on a certain word that he will select for you.

So far, almost 100 Victor-

ians have "got the word."

And the little bearded Hindu sits cross-legged on his bed in Room 428 of the Douglas Hotel waiting for others to come and "experience peace and tranquillity."

Before they enter his bedroom, they will have to take their shoes off. The reason, he explains, is that, "In the East when you enter a place

considered sacred you take your shoes off."

Once inside, aspiring perfectionists will be given private instruction in the method of deep meditation most suitable for them personally.

Most importantly of all, Swami Maharaj will tell them the word that "will cut across all the levels of their mind." He says that, by

meditating on this word in the way he teaches, they will develop "strong minds" and be "more integrated."

Meditation also will cure them of such illnesses as diabetes and cancer. Swami Maharaj says it depends on "how chronic" these illnesses are whether they are cured completely.

As he sits, wrapped in a long, white robe, on an animal skin on top of the bedspread, Swami Maharaj fingers two "string" of prayer beads and offers his meditative method as a cure for almost all of men's problems.

He was in Victoria about one year ago, and interested almost 70 persons in his method then. One of them is Dr. D. K. Edwards, a research biologist.

MORE PEACEFUL

Dr. Edwards was not available for comment today, but Mrs. Edwards, who also practices deep meditation, said the effect is to make day-to-day life more peaceful.

As for claims that deep meditation cures serious organic illnesses, she said, "I have no comment on that." Mrs. Edwards said that meditating on the word does not usually bring about "overnight miracles."

She said the word helps the initiated to meditate. After one year she still practices the method.

"Centre lane for passing only."

At the same time it was learned the highways department is considering lowering the speed limit to 70 mph on all freeways.

Canada's Sickness

DEMOCRACY BY GIMMICK DOESN'T WORK

Canada is a politically sick nation. Some Canadians recognized that sickness in its early stages, several years ago. All Canadians, and the world at large, recognized it when, last June, the nation escaped financial catastrophe by inches and became a mendicant begging aid from its friends.

But the depth, cause and cure of the sickness are still unknown to a baffled people and the whole apparatus of politics is being marshalled to prevent them knowing.

That way lies worse sickness, a recurring crisis and, perhaps, the end of Canada as a separate nation. The cure is not easy but the Canadian people have the stamina to undergo the treatment if they are ready to tackle it. Let there be no mistake about it, we are engaged not merely in a struggle of partisan politics but in a struggle for Canada's independent life. We are testing whether this nation conceived in denial of geography and dedicated to a separate Canadian nationality can endure.

No Quick Answer

To this question, the same question propounded to the American people by Abraham Lincoln in another set of circumstances, there is no quick or easy answer. We can be certain, however, of one thing: Unless we change the nation's management, the methods of government and, above all, the public mood prevailing in the last ten years, Canada will not long endure.

The current crisis has usually been called financial

and economic. So it is, but it is much more than that. Mainly it is a sickness of the Canadian mind and spirit. Its mirror is a disordered and paralytic Parliament, where none of the four parties is prepared to tell the truth about the sickness or propose the cure.

What, then, has gone wrong with our political system? We must know the answer before we can hope to answer anything.

Abdicated Duty

The answer is quite simple. Through its four parties the political system has abdicated its duty and responsibility to the nation and, by abdication, has lost its power to control events.

Hence the stark central fact facing us in Ottawa today—no party has the real confidence of the nation. None has earned it. All of them have drawn so heavily on their bank accounts of public trust that the political system is close to the line of bankruptcy.

How, we may well ask, did our naturally rich and traditionally hard-headed nation in a few short years reach this sorry state?

Again the answer is simple. Canada committed the worst blunders and suffered the worst humiliations of its history because the politicians of all parties forgot, or deliberately evaded, the first law of responsibility. They failed in their responsibility to tell the people the truth, however unpalatable, to frame coherent policies within the nation's actual means and to take the consequences at the polls.

Instead, the political parties

Ex-Admiral Slain

CHICAGO (CP)—Paul Joachim, 50, a retired rear-admiral, was slain today by a gunman who pumped four bullets into his body in an apparent holdup attempt.

Again the answer is simple. Canada committed the worst blunders and suffered the worst humiliations of its history because the politicians of all parties forgot, or deliberately evaded, the first law of responsibility. They failed in their responsibility to tell the people the truth, however unpalatable, to frame coherent policies within the nation's actual means and to take the consequences at the polls.

China Uses Tanks Against Indians

NEW DELHI (UPI)—Prime Minister Nehru, faced with new Chinese advances in the Indian border area, called on India tonight to put its economy on a war footing and declared: "We shall not surrender."

He called Red China an "enemy" for the first time and predicted victory for India.

Nehru spoke in a nationwide radio broadcast shortly after Red China sent a third wave of troops across the disputed frontier and threw tanks into the undeclared border war for the first time.

"We are not used to the ways of war," Nehru said, "but these have been forced upon us and we have to face them."

The prime minister warned that no power "can imperil our freedom" and said, "we will fight the Chinese Communists out."

Passengers, Crewmen Believed Safe

SITKA, Alaska (AP)—A chartered Northwest Airlines plane carrying 95 military personnel and a crew of seven ditched in the ocean near here Monday. All aboard were believed rescued.

An earlier report to the coast guard at Juneau said "there are lots of life rafts in the water."

A coast guard plane alighted on the water near the ditched plane and an Alaska Coastal-Ellis plane circled overhead.

The report of the ditching came from the coast guard shortly after the Federal Aviation Agency at Anchorage got word the plane was preparing to come down because of propeller trouble.

**Rusk
To Brief
Allies**

WASHINGTON (UPI)—Secretary of State Dean Rusk arranged today to inform America's allies of the crisis being taken by President Kennedy.

One well-informed source said Rusk would meet at various times during the evening with all of the non-Communist ambassadors in Washington.

The defence department announced today that the practice landing of thousands of marines at Vieques which had been scheduled for Tuesday was cancelled. The department said that ships had been scattered by hurricane.

Latin American sources said ambassadors from that area would meet at the department at 6:15 EDT, with a second session after Kennedy's 7 p.m. EDT speech to the nation.
